

STATE OF ALABAMA
Department of Environmental Management
Notice of Asbestos Abatement and/or Demolition

Reason: Original Cancelled Postponed Annual Revision # _____

1. Facility Name: _____
 Facility Physical Address: _____
 City: _____ State: AL Zip: _____ County: _____
 On Site Contact: _____ Title: _____ Phone: _____
 Building Description [size (sf), age, #floors, prior use]: _____

 Exact Removal Site (room, floor, building #, etc.): _____

2. Facility Owner: _____
 Owner Address: _____ City: _____ State: _____ Zip: _____
 Contact: _____ Title: _____ Phone: _____
 Owner email: _____

3. Asbestos Inspector Name: _____ Employer: _____
 Inspector Phone: _____ Inspector Email: _____
 Safe State Accreditation No.: AIN Date of Inspection: _____

4. Abatement Contractor: _____ ADEM Certification No.: _____
 Address: _____ City: _____ State: _____ Zip: _____
 Contact Name: _____ Phone: _____ Email: _____

Demolition Contractor: _____
 Address: _____ City: _____ State: _____ Zip: _____
 Contact Name: _____ Phone: _____ Email: _____

5. RENOVIATION DEMOLITION HAS NO ASBESTOS ORDERED (attach documentation)

Work Days (Mon, Tue, etc.): _____		Work Hours: _____	

Emergency reason(s) for not complying with 10-day notification requirement: _____

6. Attach a list that includes the following: Amount(s) and type(s) of ACM to be abated, whether the material is friable or non-friable, and removal methods. *Contact ADEM for requirements for demolition by burning.

7. Waste Disposal Site: _____
 Address: _____ City: _____ State: _____ Zip: _____
 Contact: _____ Phone: _____ Permit No.: _____

8. Procedures for unexpected ACM: _____

I certify the above is correct.

Signature: _____ Date: _____
 Print Name: _____ Phone: _____

WHO MUST SUBMIT A NOTIFICATION FORM?

Regulations require that someone (usually a contractor, property owner or consultant) submit a notification to the appropriate agency 10 weekdays prior to disturbing any regulated asbestos-containing material (RACM) or beginning demolition. Specifically, a notification must be submitted if one of the three following situations exists:

1. It is a renovation project and at least 260 linear feet or 160 square feet or 35 cubic feet of RACM is to be removed.
2. It is a demolition project with or without asbestos-containing material (ACM).
3. A structure is going to be burned for fire training.

WHAT IS REGULATED ASBESTOS-CONTAINING MATERIAL?

RACM has greater than 1% asbestos by weight and includes friable and nonfriable forms. ("Friable" means that it can be crushed to powder by hand pressure.) RACM can include: (1) Friable ACM, such as pipe and elbow insulation, storage vessel insulation, and spray-applied applications such as fireproofing, soundproofing, or decoration. (2) Category I nonfriable ACM such as vinyl floor tile and mastic, asphalt roofing products, gaskets and packing which have become friable or will be subject to sanding, grinding, cutting or abrading. *Please be aware that some older sheet vinyl (linoleum) has an asbestos-containing felt backing which can turn to powder (become friable) under certain circumstances. You must be careful with it.* (3) Category II nonfriable ACM such as transite and cementitious siding or roofing which have a high probability of becoming crumbled, pulverized, or reduced to powder during renovation or demolition activities.

WHAT ARE SOME OTHER REGULATORY REQUIREMENTS?

A structure must be surveyed by a licensed inspector before renovation or demolition or burning for training. Friable and Category II nonfriable ACM must be removed from a structure before demolishing it. Category I nonfriable ACM can usually be left in the structure during demolition, if no materials are going to be recycled. Friable ACM must be wetted before, during and after removal until soaked through. It should be containerized while wet and properly labeled. Friable ACM must be disposed of as special waste, regardless of amount. Non friable ACM can usually be disposed of as general or construction waste. It is best to check with the landfill or waste hauler first. Removed Category II nonfriable ACM must be disposed of separately. RACM must be removed by an organization certified by the Alabama Department of Environmental Management (ADEM). *(NOTE: All ACM must be removed from a structure before burning for training.)*

ARE THERE ANY EXEMPTIONS?

Residential buildings of 4 or less units that remain residential property are exempt from asbestos regulations, but they must comply with disposal regulations. (This residential exemption puts homeowners at risk!)

HOW ARE NOTIFICATIONS SUBMITTED?

Original notifications may be sent by U.S. Mail, special delivery service, hand-delivered or by e-mail (most common method). Revisions to notifications and courtesy notifications may be sent by facsimile transmission, but usually by e-mail. They must be sent to one of the 3 individuals/organizations below, depending upon the location of the renovation/demolition.

City of Huntsville:
Mr. Scott Cardno
Department of Natural Resources
and Environmental Management
City of Huntsville
P.O. Box 308
Huntsville, AL 35804-0308
PH: 256/427-5750
FAX: 427-5751
(Street Address)
320 Fountain Circle
Huntsville, AL 35801-4240
E-mail: Scott.Cardno@huntsvilleal.gov

Jefferson County (collects job fees):
Mr. Craig Tucker
Air and Radiation Protection Division
Jefferson County Department of Health
P.O. Box 2648
Birmingham, AL 35202-2648
PH: 205/930-1204
FAX: 939-3019
(Street Address:)
400 6th Avenue South
Birmingham, AL 35233-1598
E-mail: craig.tucker@jcdh.org

All other areas:
Mr. Don Barron
ADEM—Air Division
