

ADEM Form 278 08/02
(Disposal Approval Request)

Read all instructions before completing this form.

State of Alabama regulations require generators of waste to use ADEM Form 278 01/96 or submit equivalent information to dispose of waste at a commercial disposal facility located in the State of Alabama. Generators must complete the following information:

- Item 1. Generators Name and Address. Enter the name and mailing address of the generator.
- Item 2. Generators Phone Number. Enter a telephone number where an authorized agent of the generator may be reached.
- Item 3. EPA I.D. Number. Enter the generators U.S. EPA twelve digit identification number (if applicable).
- Item 4. Facility Contact. A contact with the generator or the generators agent that can be reached at the phone number given in Item 2.
- Item 5. Waste Profile Number. Enter the unique profile number assigned to the waste by the commercial disposal facility.
- Item 6. Certification. A certification to the accuracy of the information must be signed in accordance with Rule 335-14-8-.02(2).
- Item 7. The generator must provide a biennial (every 2 years) update to the notification to include any changes to the waste as defined under 335-14-5-.02(4)(a)(3) along with a certification. If no change in the waste has occurred since the previous notification, the update need not include information in Items 8. through 13.
- Item 8. Detailed Description of Waste. Enter a detailed description of the waste to include the following: physical description, type of waste (soil, liquid, solid, debris, etc.), waste analysis, background of waste (process that produced the waste stream), designation of CERCLA, TSCA, or other category of waste and identification of waste from an emergency cleanup (provide details). Also include the waste profile number, a copy of the waste profile sheet and a Material Safety Data Sheet (MSDS) if available.
- Item 9. EPA Hazardous Waste Code. Enter the appropriate EPA hazardous waste number (where applicable), listed in Chapter 335-14-2 (40 CFR 261).
- Item 10. Estimated Quantity. Enter the estimated quantity to be disposed of per year (tons/year). This quantity is an estimate only and will be updated biennially.
- Item 11. Land Disposal Restrictions. Enter the land disposal restrictions information required by 335-14-9-.01(7) to include the treatment standards and prohibition levels of Chapter 335-14-9-.01, 40 CFR 268.
- Item 12. Treatment, Storage and Disposal Information. Indicate any intermediate steps (treatment methods before disposal) and any required treatment before disposal.

Item 13. Identification of Commercial Disposal Facility. Enter the name(s) of the facility(ies) that will dispose of the waste for which approval is requested.
