

16th Annual Groundwater Conference

June 8, 2016

**Montgomery, Alabama
Gordon Persons Building Auditorium**

The Alabama Department of Environmental Management is hosting its 16th Annual Groundwater Conference. This event provides an opportunity to network with other groundwater professionals and learn about new technologies related to groundwater protection/restoration. Please join us in making the 16th Annual Groundwater Conference a successful event that enhances our abilities to protect Alabama's vast groundwater resources.

The Department is still in need of speakers to complete a full day's agenda. If you are interested in presenting at this year's conference please contact Whit Slagle at (334) 271-7831 [cws@adem.state.al.us] or Jason T. Wilson at (334) 271-7746 [jtwilson@adem.state.al.us]

We look forward to seeing you in June.
