NPDES Permit Number AL0072575  
Request for Permit Exemption and Current Permit Termination

Dear Mr. Ramsey,

Williams Mobile Bay Producer Services LLC (Williams) operates the Mobile Bay Gas Processing Plant (MBGPP), located at 6000 Rock Road near Coden, Alabama. Williams has an existing NPDES permit from the Alabama Department of Environmental Management (ADEM) that will expire on September 30, 2020. As discussed with you via phone and email recently, Williams is requesting an exemption from stormwater permitting for oil & gas operations, under 40 CFR 122.26(c)(1)(iii) regarding non-discharges of stormwater associated with industrial activity for new or existing facilities. To date, the facility has no findings of spills or effluent limit violations. Also, guidance

Per your request, Williams is requesting the formalization of the exemption determination by ADEM, and subsequent termination of the current NPDES permit. Williams also requests a return reply from ADEM showing concurrence with the exemption and termination of the current permit.

Thank you for your collaboration, guidance and fast responses. Please feel free to contact me, or Mr. Matt Skific of ERM at [matt.skific@erm.com](mailto:matt.skific@erm.com) or (504) 864-9815.

Sincerely,
