Attachments

- Project Justification**, including a clear description of NEED (why the project is being undertaken), OBJECTIVES (what is to be accomplished within the time and money parameters), EXPECTED RESULTS AND BENEFITS (a complete description of expected benefits), and APPROACH (describe actions, activities, methods, key personnel, budgets, schedules, and procedures that will be used to achieve the objectives).
- Area Map**, highlighting the general area of Alabama where your facility is located.
- Site Vicinity Map**, a county, city or USGS Quad map showing where your facility is located.
- Site Plan** showing the layout and boundaries of the facility and location of all proposed project components. All project components should be clearly labeled on the plan. In addition, label existing features on the site plan. Site plan must be to scale.
- Engineer's final cost estimate** for this project, including engineer's drawings, designs, and cost estimates.
- Other funding sources** for this project, including agency or business names and amounts of contributions.
- List of any partnerships** (state agencies, private companies, volunteer groups, etc) that will benefit from your proposed facility and what roles they will play in your program's success.
- List of all attractions** (recreational, historical, cultural, natural, scenic and local) that will draw transient boaters to your facility.
