

Fee Determination for Water Supply Permit Applications

Prepared: March 27, 2024

*All fees listed herein were current as of the preparation date of these instructions and are subject to change. For the most recent fee amounts, please see [ADEM Admin. Code r. 335-1-6-.07](#) – Fee Schedule D – Water Permits

Table 1 - Fee Schedule D: Water Supply

Surface Water Treatment Plant/System	\$4,595	\$2,250	System has at least one surface source
Distribution System	\$2,995	\$1,960	System only purchases water
Groundwater Supply (Well/System)	\$3,715	\$1,960	System has no surface source and at least one well
Name Change/Permit Minor Mod	-----	\$800	

Greenfield Fee

For systems not previously permitted, a greenfield fee, as outlined at ADEM Admin. Code r. 335-1-6-.04, of \$1,610 may apply.

Operating Permits

For all initial issuances and reissuances of water supply permits:

- Select the fee from the **left-hand** column for the system type listed.

For modifications not related to a construction project:

- Select the fee from the **right-hand** column for the system type listed.

Construction

Construction involving new sources and/or treatment plants:

- Select the fee from the **left-hand** column for the system type listed.

All other construction projects:

- Select the fee from the **right-hand** column for the system type listed.

Name Change/Transfer

For applications to change the legal name of a water system or transfer ownership of a water system, the “Name Change/Permit Minor Mod” fee applies.

If you have any questions regarding permit application fees, please contact ADEM’s Drinking Water Branch at (334) 271-7773.
