

## **20<sup>th</sup> Groundwater Conference**

**June 15, 2021**

### **Virtual Conference**

The Alabama Department of Environmental Management is preparing to host its 20<sup>th</sup> Groundwater Conference. This event provides an opportunity to learn about new topics related to groundwater protection and restoration. *This year the Department plans to conduct an on-line conference via Microsoft Teams.* Specifics concerning registration, Teams access, etc. will be sent at a later date.

Please plan to join us in making the 20<sup>th</sup> Groundwater Conference a successful event that enhances our abilities to protect Alabama's vast groundwater resources.

**We look forward to seeing you in June.**
