

27th UNDERGROUND STORAGE TANK ASSESSMENT AND REMEDICATION CONFERENCE

JUNE 16, 2021

Virtual Conference

You are invited to attend the 27th ADEM UST Assessment and Remediation Conference. This year's conference will be a virtual conference. During the conference, the Department will provide information on various topics of interest to tank owners and environmental firms performing assessment and remediation activities at UST sites in Alabama. Outside speakers will also present information on petroleum assessment and remediation activities.

Who should attend: Alabama Tank Trust Fund Response Action Contractors, tank owners, environmental consultants and contractors

Conference Fee: None

Registration: Register on-line at www.adem.alabama.gov. Registration will be open in **mid-May 2021**

Note: This year's conference is a one-day video conference and will be held the day **after** the Annual ADEM Groundwater Conference (June 15, 2021) which is also a virtual meeting this year.

Call for Speakers:

Speakers are invited to submit a proposed topic for presentation at the UST Conference

Potential Topics include:

High Resolution Site Characterization & Expedited Site Assessment

Remediation System Optimization & Remediation Case Studies

Risk Assessment

Free Product Removal

Redevelopment Case Studies

Vapor Intrusion Assessment and Mitigation

& MORE.....

Submit your topic by
