

MOODY FIRE UPDATE

Feb. 17, 2023 Report

by aldeptenvironmentalmanagement | Feb 17, 2023 | ADEM | 0 comments

Site Conditions:

- Approximately 1.5 inches of rainfall at the site last night, but erosion controls appear to be effective with minimal erosion observed
- Amount of smoke today is negligible and odor is noticeable

Activities:

- Maintenance of heavy machinery expected to be completed today
- Heavy rainfall has temporarily halted grading and filling operations but this work will resume tomorrow at the north and northwestern portions of the site

The Alabama Department of Environmental Management (ADEM) has created Moody Fire Update to inform the public of ongoing efforts to extinguish the fire at the Environmental Landfill LLC vegetative waste disposal site near Moody.
