

Air Permit (NSR/PSD)

Description: Permit authorizes construction of an air emission source.

Issuing Division: Air **Branch:** Chemical or Energy

When is a permit required? Prior to construction of a source that has the potential to emit in excess of a major source threshold or for an existing source that undergoes a modification that results in a significant increase in emissions.

Permit is required ☒ **before construction** ☐ **before operation** ☐ **before discharge** ☐ **other**

Days from complete application to issuance: 120 (minimum) 150 (maximum)

Notes on approval timeline: Timeline assumes no significant public comments and/or no public hearing is required.

Local approval required? Only for facilities treating or disposing of solid waste generated off-site.

Application procedure: Submit application with any additional forms required. Fees are determined after review of application and must be submitted upon request. Once an application has been determined to be complete and fees received, a permitting decision is made.

Base permit fee: \$6,130

Additive fees (explain): Fees can vary significantly above the base amount depending on what requirements a source is subject to, based on the types and quantities of potential air emissions, and the air quality modeling required.

Term of permit: Does not expire.

Public notice required? ☒ **Yes** ☐ **No** **Length of notice:** 30 days

Public hearing required? ☐ **Yes** ☐ **No** ☒ **Departmental discretion/based on comments**

ADEM Contact Person: Will Bacon **Phone:** 334-271-7908

Additional Information: The forms required vary with the source type. The 103 form is always required. The contact person will vary by industry sector.

Forms Required

Form #	Form Name	Applicability/Notes
103	Operating Permit Application Facility Identification Form	
104	Permit Application Form for Indirect Heating Equipment (Fuel Burning Equipment)	
105	Permit Application for Manufacturing or Processing Operation	
106	Permit Application for Waste Disposal	
107	Permit Application for Stationary Internal Combustion Engines	
108	Permit Application for Loading and Storage of Organic Compounds	
109	Permit Application for Volatile Organic Compound Surface Coating Emission Source	
110	Permit Application for Air Pollution Control Device	
112	Permit Application for Solvent Metal Cleaning	

Form #	Form Name	Applicability/Notes
197	Air Permit Application for Gasoline Dispensing Facilities	
331	Permit Application for Gasoline Bulk Plants	
426	NOx Budget Permit Application Form	
437	Compliance Schedule Application Form
