

Notice of Intent (NOI)

Description: Covers discharges from the application of pesticides

Issuing Division: Water **Branch:** Stormwater Management

When is a permit required? Available to operators who discharge to the waters of the State, from the application of biological pesticides or chemical pesticides that leave a residue, when the pesticide application is for mosquito and other flying insect pest control, weed and algae pest control, animal pest control, or forest canopy or other area-wide pest control.

Permit is required ☐ before construction ☐ before operation ☒ before discharge

Days from complete application to issuance: 4 (minimum) 30 (maximum)

Notes on approval timeline: Submittal of NOI at least 10 days prior to commencement of discharge, required for any operator who exceeds an annual threshold, listed in Table 1 of the general permit, for one or more of the four pesticide use patterns listed in Part I.B.1 of the general permit, at least 30 days prior to date of desired coverage, or to reapply, at least 90 days prior to expiration of the current General Permit.

Submittal of an NOI at least 30 days prior to commencement of discharge, required for any operator who will discharge to a Tier 3 water. Tier 3 waters are high quality waters constituting an Outstanding National Resource Water (ONRW), such as waters of National Parks and State Parks, wildlife refuges, and waters of exceptional recreational or ecological significance.

Local approval required? No.

Application procedure: Submittal of NOI and appropriate fee

Base permit fee: \$1,385

Additive fees (explain): None

Term of permit: 5 or fewer years depending on when a request for coverage is submitted.

Public notice required? ☐ Yes ☒ No **Length of notice:** days

Public hearing required? ☐ Yes ☒ No ☐ Departmental discretion/based on comments
