

## ***Cathodic Protection Testing Companies***

*Appearance on this list is not intended as an endorsement of any company, individual, or test method. It is only intended as an informational tool for interested parties. This list consists of companies with certified testers that perform cathodic protection system tests on tanks and/or piping. No certification of these companies or individuals was performed by ADEM.*

***\*To allow sufficient time to become recertified, ADEM recognizes cathodic protection tester certification for 90 days after the certification expiration date.***
