

Alabama Brownfield Redevelopment Program

Project Details

- Accepted into the VCP in 2016.
- Groundwater contamination
- Environmental Covenant on site
- Completed VCP in 2022

Site History

- Constructed in 1830s from vacant land as a cotton gin factory.
- Purchase by Continental Gin Company in 1899 which later became Continental Eagle Corporation.
- Developed into an active railroad and spur between 1911-1925.
- Continental Eagle Corporation discontinued cotton gin manufacturing operations in 2009 and placed the property up for sale in 2011.
