Free EPCRA Training for LEPCs

This five-part webinar series on the Emergency Planning and Community Right-to-Know Act (EPCRA) was designed specifically for Local Emergency Planning Committee (LEPC) members. Learn why EPCRA matters and understand what's required of you! Modules 1-4 include a 30-minute presentation followed by a live Q&A. Module 5 is a 1-hour presentation followed by a live Q&A.

Tuesdays in November & December at 1PM CST

11/10/26- Module 1: Introduction to LEPC requirements under EPCRA

11/17/26- Module 2: Using Tier II data to support LEPC activities

12/01/26- Module 3: Maintaining an Emergency Response Plan

12/08/26- Module 4: Using Toxics Release Inventory (TRI) data

12/15/26- Module 5: Using the online chemical inventory database, E-Plan, to manage EPCRA data & inform pre-planning & response

Registration is required for Modules 1-4 and registering once will sign you up for the first four modules. You are welcome to register even if you are unable to attend every session. Module 5 does not require registration and to attend you will click on the Microsoft Teams Link below to join that webinar.

Who should attend?

LEPC members located in EPA's Region 4 (AL, FL, GA, KY, MS, NC, SC, TN) & Region 4 Tribes.

LEPC members may include, but are not limited to:

- Firefighters,
- Emergency management agencies,
- Emergency responders

Register now to secure your spot!
