## New ADEM Director Selected

**MONTGOMERY** — The Alabama Environmental Management Commission has selected Lance R. LeFleur to serve as the next director at ADEM. He will take over the state's top environmental position on June 1, 2010.

Mr. LeFleur was one of 16 applicants for the position and one of three candidates interviewed publicly by the Commission. He has served as the president of Materials Recovery Corporation in Mobile since 1990. Materials Recovery Corporation has implemented numerous recycling programs in eight states and developed new methods to recycle waste in the paper pulping and dairy packaging industries.

Mr. LeFleur is a graduate of Georgia Tech and also holds a MBA degree from Southern Methodist University.
